# Activities at home

Dear Parents/Carers,

Below is our focus for the week beginning; 24<sup>th</sup> June 2013

## Shape, Space and Measuring

The areas that will be covered are;

Making and tasting Porridge

Reading and acting out the story of Goldilocks and the three bears

Shape sorting everyday objects

Sorting, comparing and categorising a range of items

Playing a musical shape game

Going on a shape hunt

Taking part in science experiments

If you would like to follow this up at home, here are a few ideas you might like to try out the science experiments at home, the staff will be able to tell you all the items you will need. Look at different objects at home and categorise them in to height, length, weight and size.

Act out the story of goldilocks and the three bears, maybe add an alternative ending. If you have any science experiments you do at home and think we would like to do them at pre-school please let one of the ladies know.
