Activities at home

Dear Parents/Carers,

Below is our focus for the week beginning; 23rd September 2013

Sound

The areas that will be covered are;

Constructing a musical shaker using a variety of different materials

Taking parting in a variety of sound games such as;

Sound lotto

Guess the sound

Hunt the sound

Creating telephones and communicating through them

We are setting up a stage area in the garden for all the budding younger
actors and actresses

Making Micro phones to use on the stage.

Exploring various textures

If you would like to follow this up at home, here are a few ideas you might like to try; Investigate what makes different sounds in your home from the fridge humming and the doors creaking. Listen to the sounds in your garden and see if they are different form the sounds in our garden, note them down and we can discuss these at register and circle times. Try making a different sound maker, or talk about how you can make different sounds, come back to pre-school and show or tell us what you have come up with.
