# **Activities at home**

Dear Parents/Carers,

Below is our focus for the week beginning; 25<sup>th</sup> November 2013

## **Under the Sea**

The areas that will be covered are;

Under the sea pictures using a variety of different textures  
and materials

Talking about how animals live under the sea, using books  
to support the facts.

Exploring natural materials in water: Seaweed and shells

Creating an under the sea role-play area

Hook a numbered fish game

If you would like to follow this up at home, here are a few ideas you might like to try: Take a walk along a beach and collect items such as seaweed, shells and sand. Look at the patterns on the items and discuss what you have found at home and create a picture from them. If you do create a master piece please bring them into pre-school. If you have a fish tank or pond at home talk about what you having living in there. Pop to the library and find some factual books about under the sea and talk about your findings.
